

Manifold transition plate
Type CZB-¹/₄-¹/₂

To combine FESTO cassette valve manifolds

This plate can be used to mount together valve manifolds of sizes G¹/₄ and G¹/₂.
This produces a simpler arrangement of power valves, with a common compressed-air supply.

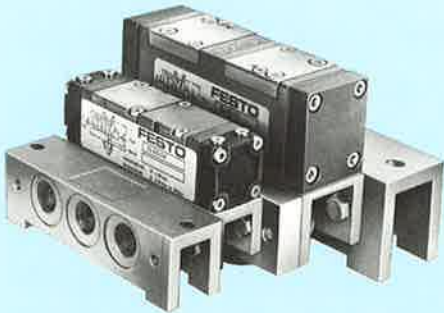

Accessories:
This manifold combination requires 1 end plate of each of the sizes G¹/₄ and G¹/₂.

End plate G¹/₄
with mounting bolts
Type CEP-¹/₄-B

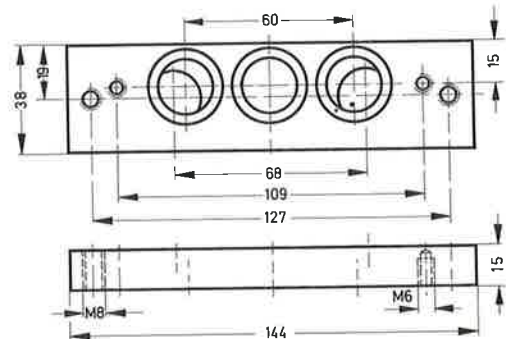

End plate G¹/₂
with mounting bolts
Type CEP-¹/₂-B

Isolating disc
Type CSC-¹/₄

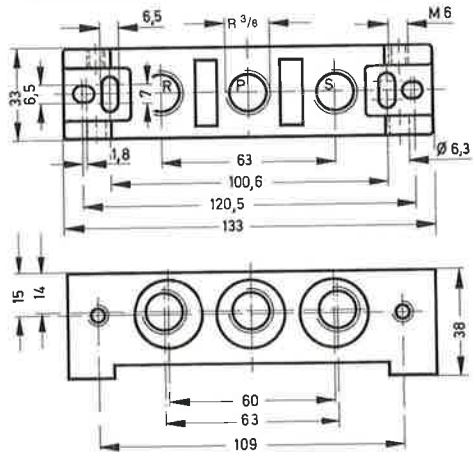

Type NSC-¹/₂
To seal the common lines P, R, S between the end plate and the manifold, or between 2 manifolds.

Type CZB-¹/₄-¹/₂

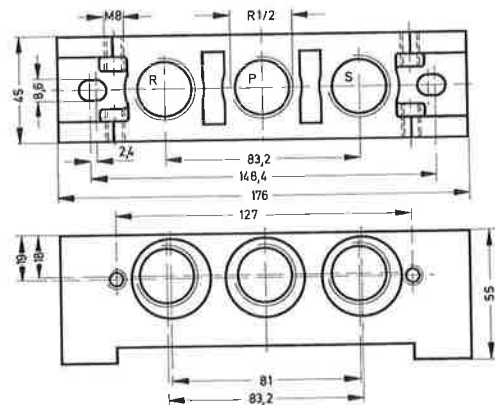

Note:
The overall manifold may be reduced or extended only once.

CEP-¹/₄-B

Plug G³/₈
Order code 3570 B-³/₈

CEP-¹/₂-B

Plug G³/₄
Order code 3572 B-³/₄

Order code	7614	10636	10637	5670	5923
Part No./Type	CZB- ¹ / ₄ - ¹ / ₂	CEP- ¹ / ₄ -B	CEP- ¹ / ₂ -B	CSC- ¹ / ₄	NSC- ¹ / ₂
Connection	—	G ³ / ₈	G ³ / ₄	—	—
Materials	Anodized aluminium	Die-cast aluminium		Plastic	—
