

# Engineering Change Notification

Product Change of Silencer UC  
Sizes 1/8 and 1/4

**FESTO**

## Engineering Change Notification

**Project No**  
204 164

### Reason of change

Update/Change of production process for the UC series.

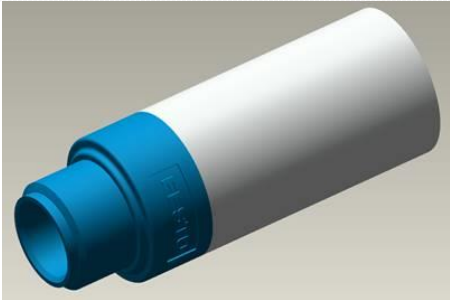

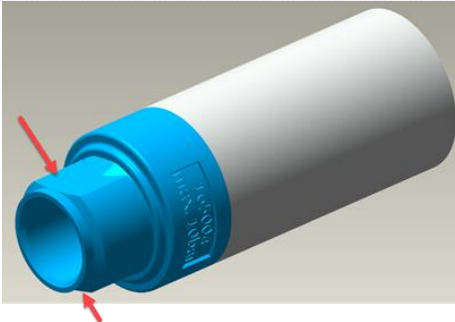

**Project Title**  
Product marking

### Technical changes

There is a small optical difference at the screw-in thread and in the coloring of the damper body between the "previous" and "future" version of silencers. But in the assembled state, no significant difference can be seen between the two versions. The product change has no impact on the technical data.

**Date**  
June 14th, 2021

### Known technical implications

- **Function**  
Currently no known implications.

- **Environment**

Currently no known implications.

- **Interfacing**

The design adaptation has no effect on the interface (screw-in thread)

### Affected products

Part No	Type
161419	UC-1/8
165004	UC-1/4

### Engineering Change Notification

**ECN No**  
204 164

**Project Title**  
UC silener

### Estimated transition date

According to our current project schedule, the change will be productive approximately

**2<sup>nd</sup> Quarter 2021**

**Date**  
June 14th, 2021

Please note, that the transition date can vary due to technical reasons and production needs.
