Change of Guiding module

# FESTO

## Engineering Change Notification

### Reason of change

Due to the discontinuation of the previously used guiding module, it must be replaced by a new one. The new guiding module is already used in other FESTO products (e. g. DGC) and therefore well proven in the market.

**Project No**  
289116

### Technical changes

Change of guiding module consisting of slide, carriages and guiding rail.

This change results in a minor modification of the visual appearance of slide and profile, but has no impact on the functionality, interface or installation dimensions.

**Project Title**  
SLG-8, SLG-12, SLG-18 - Change of Guiding module

**Date**  
May 27th, 2025

**Page**  
1 / 2

### Known technical implications

- **Function**  
No functional change
- **Form**  
Minor changes of the visual appearance (e. g. eight additional screws on the top side of the slide for mounting of the carriages on the slide)
- **Environment**  
No change
- **Interfacing**  
No change of the interface

## Affected products

Part No	Type
187857	SLG-8- -
187855	SLG-12- -
187853	SLG-18- -

## Estimated transition date

According to our current project schedule, the change will be productive approximately

**1<sup>st</sup> Quarter 2026**

Please note, that the transition date can vary due to technical reasons and production needs.
