

Magswitch Sheet Fanner

Sheet Fanning Tool

Features

- Tackles any height stack with ease
- Free floating design holds fanner to stack with auto indexing functionality
- Use with or without a guide rod
- Powerful magnetic field separates sheets
- Chamfer design allows for uneven stacks
- Easy separation of stacked components
- Portable and lightweight

Magswitch Sheet Fanner provides a faster and safer process for separating ferrous sheets. The magnetic field is transferred to the steel blanks which take on the magnetic pole and repel from each other. Apply the Magswitch sheet fanner to the side of any stack of blanks or thin steel components and watch the top layers separate for easy de-stacking.

Applications

Separating Thin Sheets,
Fanning Sheets

	Sheet Fanner
Part #	23283606
Height	9 in (228 mm)
Width	6.4 in (162 mm)
Length	7.5 in (190 mm)
Weight	14.8 lbs (6.7 kg)

Blank Fanning
