## Manufacturer declaration

**For prolongation of certificate**

We declare that the DTM and its setup are unchanged.. We ask for the 3 years prolongation of the issued certificate number yyyy-cccc.

**For prolongation of a style guide certificate with unchanged user interface**

We herewith ask to apply the style guide certificate previously certified by certificate No:            also for the newly certified DTM. The DTM test is documented in test report No:            .  
We herewith declare that the FDT style guide relevant parts of the DTM software are unchanged.

**For including supported device types in certificates**

We herewith declare that the following device types

CPX with FB13  
MPA-FB-VI with FB13  
MPA-F-FB-VI with FB13  
VTSA-FB-VI with FB13  
CPA10-VI with FB13  
CPA14-VI with FB13  
VIFB-03-Midi/Maxi with CPX-FB13  
CPV10/14/18-VI with CPI via CPX with FB13

or device type groups  
(please indicate clear boundary conditions)

that are supported by the DTM with  
Prog ID : Festo.CpxMpa\_CPX\_MPA\_Dtm; Version:    1.0,

result in same FDT interface behaviour as the tested device types documented in test report 2009-014-0215.

We claim only the certificate for the communication protocols that have been tested
