Pneutainer ZW-HD (#13104612)
Mobile Storage Cabinet

Fittings, Tubing and Spare Parts...Always Close at Hand
Support for inventory maintenance and management
- Festo offers customers an easy way to create a decentralized and convenient inventory system for Festo fittings, tubing, accessories and spare parts, etc.
- The Festo pneutainer offers safe, secure and organized central or de-central storage in a six-drawer cabinet! It provides local access to needed parts anywhere in your facility.

Select from a wide range of pneumatic products
- Festo offers a very large selection of pneumatic fittings and tubing in many different styles and sizes, both in metric and inch.
- With many thousands of standard and custom designed pneumatic and electronic automation products from which to choose, Festo is truly a one-stop-shopping experience for your complete automation solution.
