

## License Agreement for the permission to use the "Educational License for FluidDraw"

Students and teachers of an educational institution that can provide proof of eligibility may apply for an educational license for FluidDraw 5. With this license, FluidDraw 5 can be used in the educational version for one year.

The educational version of FluidDraw 5 is the same as the full version FluidDraw Professional 5 with the following limitations:

- Program and license are only provided in digital form.
- An internet connection is required to start the program.
- Commercial use is prohibited.
- Within the program and on each print, attention is given to the educational version.

To apply for an educational license, complete the form at: <https://www.art-systems.de/www/site/en/fluiddraw/educational-license.html>, and upload this document, which indicates that you are eligible to obtain an "Educational License for FluidDraw".

This FluidDraw License Agreement for Students and Teachers is an agreement to prove that you have been licensed by Festo. By using the software "Educational-License for FluidDraw" you agree to comply with the terms of this license agreement. If you do not agree to the terms of this license agreement, you may not use the software.

1. The use of the "Educational License for FluidDraw" is permitted only in the context of training and further education at schools, colleges, recognized educational institutions and in research and studies at universities and non-university education. Passing, hiring, leasing or lending the software is not allowed.
2. The user (student, teacher) may install and use the "Educational License for FluidDraw" with 1 year license on his private computer for exclusive use during school practice; The software may not be passed on to third parties.
