1 Identification of the substance/preparation and of the company/undertaking

- Product details
  - Trade name: UNISILKON L 250 L
  - Article number: 022102
  - Application of the substance / the preparation: Grease
- Manufacturer/Supplier:
  KLÜBER LUBRICATION MÜNCHEN KG
  Geisenhausenerstrasse 7
  D-81379 München
  Tel.: 0049 (0) 897876-0
  Fax: 0049 (0) 897876-333
- Further information obtainable from:
  Material Compliance Management
  E-Mail: mcm@klueber.com
- Information in case of emergency: 0049 (0) 89 7876 700 (24 hrs)

2 Hazards identification

- Hazard description: Not applicable.
- Information concerning particular hazards for human and environment:
  The product does not have to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.
- Classification system:
  The classification is according to the latest editions of the EU-lists, and extended by company and literature data.
- Additional information:
  Avoid induction of air, low cross-section of pipes, high pressures and fast pressure increase.
  Degas system carefully before putting into operation.
  The product belongs to the category silicone greases with PTFE. This product category may form explosive decomposition reactions in conveying devices with high increase in pressure and low cross-section of pipes.

3 Composition/information on ingredients

- Chemical characterization
  - Description:
    silicone oil
    PTFE
- Dangerous components: Void
- Additional information: For the wording of the listed risk phrases refer to section 16.

4 First-aid measures

- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact:
  Wash off with soap and plenty of water.
  If skin irritation continues, consult a doctor.
Trade name: UNISILKON L 250 L

- **After eye contact:** Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- **After swallowing:** If symptoms persist consult doctor.

### 5 Fire-fighting measures

- **Suitable extinguishing agents:**
  - Water haze
  - Foam
  - Fire-extinguishing powder
  - Carbon dioxide
- **For safety reasons unsuitable extinguishing agents:** Water with full jet
- **Special hazards caused by the substance, its products of combustion or resulting gases:**
  In case of fire, the following can be released:
  - Carbon monoxide (CO)
  - Hydrocarbons
  - Traces of fluorinated products
- **Protective equipment:**
  - Do not inhale explosion gases or combustion gases.
  - Standard procedure for chemical fires.
- **Additional information**
  - Cool endangered receptacles with water spray.
  - Dispose of fire debris and contaminated fire fighting water in accordance with official regulations.

### 6 Accidental release measures

- **Person-related safety precautions:** Not required.
- **Measures for environmental protection:** Do not allow to enter sewers/ surface or ground water.
- **Measures for cleaning/collection:**
  - Pick up mechanically.
  - Dispose of the material collected according to regulations.

### 7 Handling and storage

- **Handling:**
- **Information for safe handling:**
  - See chapter 2.
  - Make sure to use only new high-pressure pumping lines in lubrication equipment.
  - Determine technical measures for safe grease conveyance with the manufacturer of the used application equipment.
- **Information about fire - and explosion protection:**
  - See chapter 2. Processing at lowest possible pump pressures, slow pressure increase and high cross-section of pipes.
  - Avoid induction of air.
- **Storage:**
- **Requirements to be met by storerooms and receptacles:**
  - Store in cool, dry conditions in well sealed receptacles.
- **Information about storage in one common storage facility:**
  - Store away from foodstuffs.
  - Store away from oxidizing agents.
- **Further information about storage conditions:** None.
8 Exposure controls/personal protection

- Additional information about design of technical facilities: No further data; see item 7.
- Ingredients with limit values that require monitoring at the workplace:
  The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
- Additional information: The lists valid during the making were used as basis.
- Personal protective equipment:
  - General protective and hygienic measures:
    Immediately remove all soiled and contaminated clothing
    Avoid close or long term contact with the skin.
    Be sure to clean skin thoroughly after work and before breaks.
    Keep away from tobacco products.
  - Respiratory protection: Not required.
  - Protection of hands: Preventive skin protection by use of skin-protecting agents is recommended.
  - Eye protection: Safety glasses

9 Physical and chemical properties

- General Information
  - Form: Pasty
  - Colour: White
  - Odour: Product specific
- Change in condition
  - Drip point: > 230°C (DIN ISO 2176)
- Flash point: not applicable
- Density at 20°C: ~ 1.25 g/cm³
- Solubility in / Miscibility with water: Insoluble.

10 Stability and reactivity

- Thermal decomposition / conditions to be avoided: See Chapter 2 and 7.
- Materials to be avoided: oxidizing agents
- Dangerous reactions See chapter 2.
- Dangerous decomposition products:
  > 150°C small quantities of formaldehyde may be formed.
  > 280°C danger of forming toxic pyrolysis products.

11 Toxicological information

- Additional toxicological information:
  Prolonged skin contact may cause skin irritation and/or dermatitis.

12 Ecological information

- Ecotoxicological effects:
- Behaviour in sewage processing plants: The product can be mechanically separated.
13 Disposal considerations

- Product:
- Recommendation: Can be incinerated in accordance with local and national regulations.
- Waste disposal key:
  For this product no waste disposal key according the European Waste Catalogue (EWC) can be determined, as only the purpose of application defined by the user enables an allocation. The waste code number has to be determined in accordance with the local waste disposer.

- Uncleaned packaging:
- Recommendation:
  Empty contaminated packagings thoroughly. They may be recycled after thorough and proper cleaning.

14 Transport information

- Land transport ADR/RID (cross-border)
  - ADR/RID class: -
- Maritime transport IMDG:
  - IMDG Class: -
- Air transport ICAO-TI and IATA-DGR:
  - ICAO/IATA Class: -
- Transport/Additional information:
  Not classified as dangerous according to the above specifications.

15 Regulatory information

- Labelling according to EU guidelines:
  The product is not subject to classification according to the calculation methods of the "General Classification Guideline for Preparations of the EU" as issued in the latest valid version.
- National regulations:
- Other regulations, limitations and prohibitive regulations
  - Substances of very high concern (SVHC) according to REACH, Article 57
    None of the ingredients is listed.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
